# Customize an Existing Style

Manufactured to order, one at a time.

## DESIGN

Choose from one of our standard products or design your own. Our expert craftsmen can take a simple sketch or idea and bring it to life. Let us be your custom workroom.

## DIMENSIONS

Not only can we customize the overall look and style of a piece, but we can also adjust the dimensions to fit any size space. We specialize in space-saving solutions as well as large-scale, whole home projects.

## DETAILS

It is all about details in design. We offer a vast line of wood and metal finishes, nail head styles, a private label line of fine Italian leathers, and a variety of fabrics to decorate your new upholstery and case pieces.

# Your designs brought to life

From concept through execution, we are with you every step of the way.

If one of our standard products is not what you had in mind, we also produce completely custom designs. Whether you provide an inspiration image or a quick sketch, we can produce purely custom upholstery or case items.

You provide the dimensions, we provide the detailed CAD rendering for approval to show exactly what the product will look like and how it will be produced.

Don't see the wood species, finish, hardware or material you are looking for? We can custom source almost anything you need. Our expert finishing department can custom match a finish to existing stains in the space.
